USA HOCKEY, INC., is the National Governing Body for the sport of ice hockey in the United States. Its mission is to promote the growth of hockey in America and provide the best possible experience for all participants by encouraging, developing, advancing and administering the sport.

USA Hockey is the official representative to the United States Olympic Committee and the International Ice Hockey Federation. In this role, USA Hockey is responsible for organizing and training men's and women's teams for international tournaments, including the IIHF World Championships and the Olympic and Paralympic Winter Games. Closer to home, USA Hockey works with the National Hockey League and the National Collegiate Athletic Association on matters of mutual interest.

USA Hockey's primary emphasis is on the support and development of grassroots hockey programs. USA Hockey is divided into 12 geographical districts throughout the United States.

Each district has a registrar to register teams/players; a referee-in-chief to register officials and organize clinics; a coach-in-chief to administer educational programs for coaches; a risk manager to oversee liability and safety programs; and a skill development program administrator to facilitate learn-to-play programs for youth players and their parents.

For players, USA Hockey annually conducts regional and national championship tournaments in various age classifications; sponsors regional and national player identification and development camps; studies and makes recommendations for protective equipment; distributes Hat Trick, Playmaker and Zero Club Awards; and provides an insurance program that includes excess accident, general liability and catastrophic coverage.

For coaches and officials, USA Hockey conducts clinics and produces training manuals and videos through its Coaching Education and Officiating Education Programs. USA Hockey also promotes uniformity in playing rules and the interpretation of those rules.

USA Hockey has not forgotten parents, supplying this vital segment of the hockey family with a "Parent's Introduction To Youth Hockey" brochure, which includes tips on buying equipment, rules of the game and the role of parents in youth sports.

USA Hockey also publishes *USA Hockey Magazine*, the most widely circulated hockey publication in the world, which is sent to the household of every registered member as a benefit of membership. USAHockey.com, the organization's official website, provides up-to-the-minute coverage of news and events as well as important tools for the membership.

In December 1994, USA Hockey introduced its official inline hockey program - USA Hockey InLine - to provide structure and support for the growth of the sport across America.

TOURNAMENT INFORMATION

MEDIA POLICIES

The 2009 World Junior Hockey Championship falls under the governance of the International Ice Hockey Federation.

IIHF protocol, as it pertains to media, is as follows:

- All accredited media shall have free access to cover all team practices, game-day skates and games.
- Locker rooms are closed to all media.
- All player interviews will be conducted in a designated “mixed zone” area within the arena. Requests for players should be directed to the appropriate media/public relations staff assigned to each team. The interviews will then take place in the “mixed zone” area.
- Players will be made available in the “mixed zone” no later than 10 minutes after the conclusion of the game, with a general media access period of 30 minutes.
- Following the conclusion of Team USA games and after some practices, a formal press conference will be held with Head Coach Ron Rolston.
- All media relations requests for the U.S. National Junior Team should be directed to Dave Fischer.
- The official television partners of the event will be given priority for all interviews.

IIHF TOURNAMENT FORMAT

Three-Point System for Preliminary Round

- Three points shall be awarded for the winning team at the conclusion of regulation.
- One point will be awarded to both teams at the conclusion of regulation if the game is tied.
- An additional point shall be awarded for the team winning the game in either the overtime period or the Game-Winning Shots Procedure.

Overtime Procedures

- If a preliminary round game is tied after three periods, a five-minute four-on-four sudden-death overtime period shall be played immediately after an intermission of three minutes. The teams will defend the same goals as in the third period.
- If a playoff, quarterfinal, semifinal or bronze-medal game is tied after three periods, a 10-minute four-on-four sudden-death overtime period shall be played immediately after an intermission of three minutes. The teams will defend the same goals as in the third period.
- If the gold-medal game is tied after three periods, a 20-minute four-on-four sudden-death overtime will start immediately after a 15-minute intermission during which time the ice will be cleaned. The teams will change ends.
- If no goal is scored in the overtime period of any game, the Game-Winning Shots Procedure will apply.

Game-Winning Shots Procedure

- All shots will be held at one end of the ice surface. Three players from each team will take shots alternately until a decisive goal is scored. If the score is still tied after three shots by each team, the procedure will continue with a tiebreak sudden-death shoot-out by one player from each team. The teams may use the same player or new players for each shot in the tiebreak shoot-out, until the outcome is decided.

In 1995, he was elected as a vice president and the international council chairperson, positions he held until being named president.

He has represented the United States at countless events during his tenure with USA Hockey. He served as team leader of Team East at the 1979 United States Olympic Festival, from which the 1980 "Miracle On Ice" U.S. Olympic Ice Hockey Team was chosen and also for the 1994 U.S. Olympic Ice Hockey Team. DeGregorio has represented the United States at the 1998, 2002 and 2006 Olympic Winter Games and at numerous International Ice Hockey Federation Men's, Women's and Junior World Championships.

Honored with the National Hockey League's Lester Patrick Award in 2002 for outstanding service to ice hockey in the United States, DeGregorio is president of the PenFacs Group, an investment and insurance firm specializing in the design, administration and funding of executive benefit plans. He resides in Salem, N.H., with his wife, Susan. He has four grown children, Eric, Mark, Kim and Kara.

Before returning to Colorado Springs, Ogrean served as executive director of USA Football from 2002-05. He was recruited by the National Football League and NFL Players' Association to build a new, independent, non-profit organization to support and promote the sport of amateur football at all levels.

In recognition of his 45th year of service to USA Hockey, the organization dedicated its national headquarters as The Walter L. Bush, Jr. Center in June of 1999.

Bush retired as a member of the International Ice Hockey Federation Council in May 2008 after a 23-year stint, the last 14 years as a vice president of the organization. He served on numerous committees within the IIHF, including as chairman of the IIHF Women's Ice Hockey Committee, the IIHF InLine Hockey Committee and the IIHF Hall of Fame Selection Committee.

Bush is a member of the Board of Directors of the USOC and is secretary of the U.S. Olympic Foundation. During the 2002 Olympic Winter Games, Bush received the Olympic Order from the International Olympic Committee, the highest honor in the Olympic movement.

Bush was elected to the Hockey Hall of Fame in 2000. He received the NHL's Lester Patrick Award in 1973 in recognition of his outstanding service to ice hockey in the United States. He was enshrined in the United States Hockey Hall of Fame in 1980 and, in 1989, was elected to the Minnesota Sports Hall of Fame. He currently serves as a governor and vice-chairman for the Hockey Hall of Fame in Toronto.

Bush resides in Naples, Fla., with his wife, Sis. He has a daughter, Anne Hanson, and two sons, Walter III and Steven.

PROUD SPONSOR OF USA HOCKEY

THANK YOU

PARTNERS

USA HOCKEY GRATEFULLY ACKNOWLEDGES THE
SUPPORT OF ITS CORPORATE PARTNERS

FOUNDED: 1996 / LOCATION: Ann Arbor, Mich. / WEBSITE: www.usahockey.com/usantdp
NHL DRAFT IMPACT: 152 players drafted; 31 first-round picks; Three players selected first overall:
Patrick Kane (Chicago, 2007) - Erik Johnson (St. Louis, 2006) - Rick DiPietro (NY Islanders, 2000)

In 1996, USA Hockey launched a revolutionary new initiative called the **NATIONAL TEAM DEVELOPMENT PROGRAM**, based in Ann Arbor, Mich. In its 12th season of play in 2008-09, the goal of this full-time development program is to prepare student-athletes under the age of 18 for participation on U.S. National Teams and success in their future hockey careers. Its efforts focus not only on high-caliber participation on the ice, but creating well-rounded individuals off the ice.

The program is composed of two squads - the U.S. National Under-18 and Under-17 Teams. The Under-17 Team competes in the North American Hockey League and also participates in three international events annually. The U.S. National Under-18 Team does not play in a league. Its schedule includes games against NCAA Division I opponents, contests vs. junior teams, as well as competition in three international tournaments.

The Ann Arbor Ice Cube, a first-class facility consisting of three ice sheets, locker rooms, offices, a training area and weight room is home to the NTDP. Unlike other competitive athletic teams, the success of the NTDP is not gauged on wins and losses. Instead, the focus is on the development of skills and acquiring experience against older competitors.

"The National Team Development Program provides a tremendous opportunity for the elite young players in our country," said Ron DeGregorio, president of USA Hockey. "We've developed many programs over the years at USA Hockey and the NTDP is among our very best initiatives."

WHAT THE PROGRAM HAS MEANT

In evaluating how the NTDP has impacted hockey in the United States, consider:

- The U.S. has won the gold medal at the IIHF World Men's Under-18 Championship in 2002, 2005 and 2006, with each team comprised largely of NTDP players.
- The U.S., with a team comprised largely of NTDP players, captured its first-ever gold medal at the IIHF World Junior Championship in 2004.
- In 2007-08, more than 35 NTDP alumni were playing in the National Hockey League.

PATRICK KANE, an NTDP product, earned the Calder Memorial Trophy as the NHL's rookie of the year in 2008.
